Short Description

A pressure die-cast brass lifting ring. Available in either a polished brass or a chromed brass finish

This rectangular lifting ring is perfect for projects requiring a flush handle, offering both functionality and a sleek design. Suitable for installation on both horizontal and vertical surfaces, it is securely fixed with 4x 3.5mm (No.6) countersunk screws, which are sold separately.

The lifting ring is crafted from pressure die-cast brass, available in a natural unlacquered brass finish or a chrome-plated option, and is built to withstand the rigours of marine environments.

- Made from high-quality pressure die-cast brass
- Available in natural unlacquered brass or chrome-plated finish
- Suitable for both horizontal and vertical installation
- Fixed with 4x 3.5mm (No.6) countersunk screws (sold separately)
- Manufactured by Foresti & Suardi, a trusted name in marine hardware since 1961
