Short Description

Fixed snap hook available in brass and chrome

A pressure die-cast brass fixed snap hook, crafted in Italy by Foresti & Suardi. It is secured with two screws (not included) and serves as a versatile piece of marine hardware, suitable for various applications beyond boating, including leads, bags, and harnesses.

Available in polished brass and chrome-plated finishes.

This product is pressure die cast by Foresti & Suardi in Italy and is available in natural unlacquered brass or chrome plated brass. Foresti & Suardi have been manufacturing pressure die cast brass marine hardware since 1961. Fittings such as this are amongst the core products manufactured since those early days. The tooling may have been updated, and technology has moved on a great deal, but these are the heritage pieces that established the reputation of Foresti & Suardi, as well as Timage, in the global yacht accessories market.
