Short Description

Solid brass wall-mounted soap dispenser with a chrome plated finish.

The Deva soap dispenser is part of the Deva family of bathroom accessories which all share the same design language. This wall-mounted soap dispenser can be refilled with any liquid soap and features a sprung pump mechanism. The dispenser is fixed to the wall via a hidden bracket. This means that no fixings are visible. The dispenser neatly fixes to the bracket and is secured in place with a grub screw. All fixings are provided for the installation of the product.

Please view the related products below for the other Deva bathroom accessories available.
