Short Description

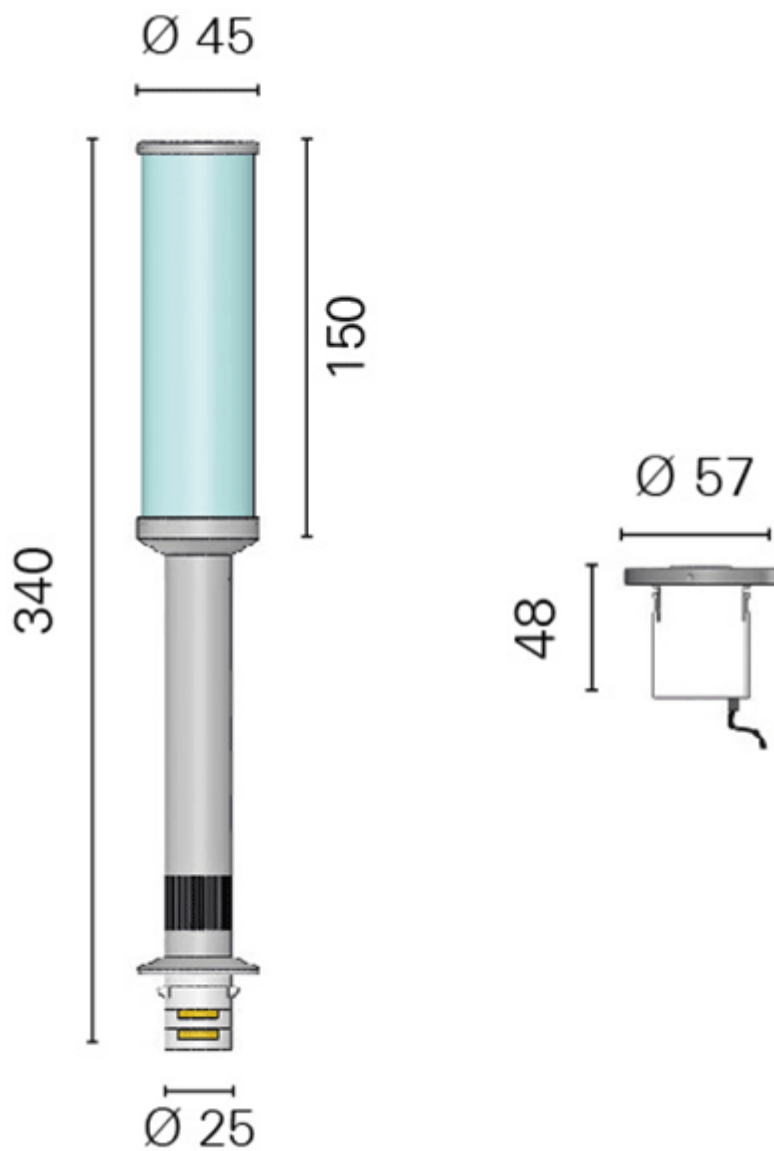

Removable lamp suitable for interior and exterior use

The 'Halley' LED lamp is a versatile, watertight lamp, ideal for both interior and exterior use. With an IP65 rating, it ensures durability in various environments. Featuring a 4000K white LED module, the Halley lamp provides efficient and bright lighting. Its chrome-plated brass body adds a touch of sophistication, while the design allows for easy removal of the light when not in use. The lamp is conveniently turned off by rotating the body 90°, ensuring effortless operation.

- IP65 rated for both interior and exterior use
- 4000k white LED module for bright, efficient lighting
- Chrome-plated brass body for a sleek, modern finish
- Easy to remove when not in use
- Lamp is turned off by rotating the body 90°
- Made in Italy by Foresti & Suardi
