Short Description

Compliant stainless steel navigation light

This 316-grade polished stainless steel masthead navigation light by Forcato Lighting combines durability with performance, designed for motor craft up to 50 metres in length. Crafted in Italy, it features a 225° lens and a 5nm visibility range, ensuring reliable operation in all conditions. With an IP67 rating, this navigation light is fully waterproof, making it ideal for marine environments. Supplied with a bulb, it operates on 24VDC at 25W and complies with the latest marine regulations, including COLREGS 1972 and the Marine Equipment Directive (MED) 2014/90/EU.
