Short Description

RFQ8B 8 AWG frosted negative black power wire, sold per metre

The Rockford Fosgate RFW8B is high-quality 8 AWG power wire, designed to meet full American Wire Gauge (AWG) specifications. Featuring a frosted outer jacket for maximum flexibility, this wire is ideal for marine and automotive audio installations where reliable power delivery and easy routing are essential. Constructed from Pure Crystal-Oxygen Free Copper (PC-OFC), the RFW8B ensures excellent conductivity and long-lasting performance.

- 8 AWG (8.36mm²) wire with 735 strands for superior power handling
- Pure Crystal-Oxygen Free Copper (PC-OFC) for maximum conductivity
- Frosted outer jacket for enhanced flexibility and durability
- Sold per metre — order the exact length you need
