Short Description

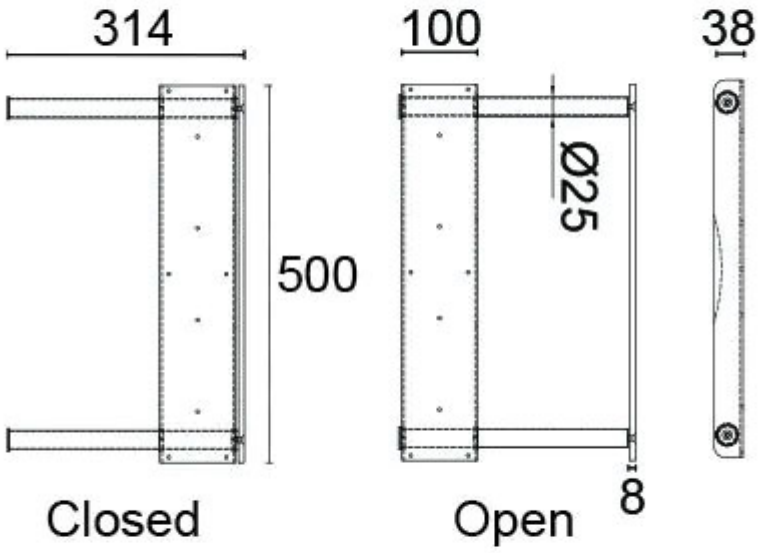

Pull-out support provides added stability for folding tables, made from 316 grade stainless steel.

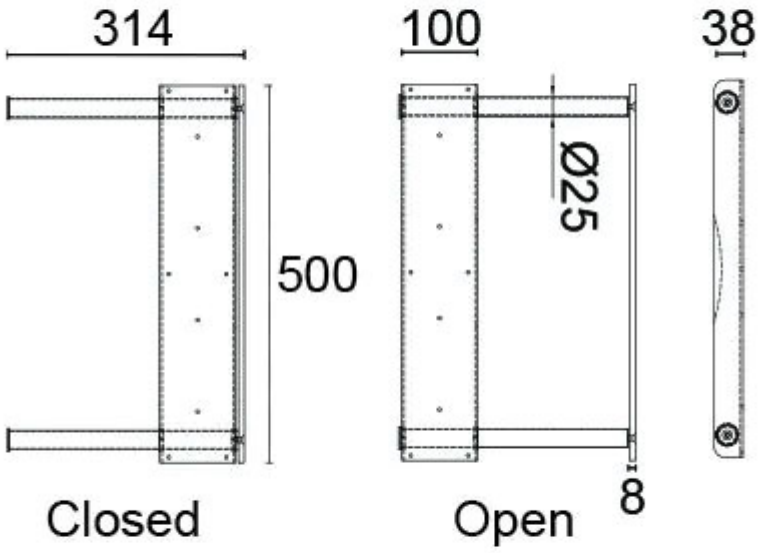

This beautifully made stainless steel support is designed to be used on folding tables. The product is fastened to the underside of the table, and can then be pulled out to support extendable table leaves. The telescopic action is smooth and durable, being manufactured from 316-grade stainless steel and featuring nylon guides.

- Support fixes to the underside of the table.
- Telescopic action.
- Sold individually.
