Short Description

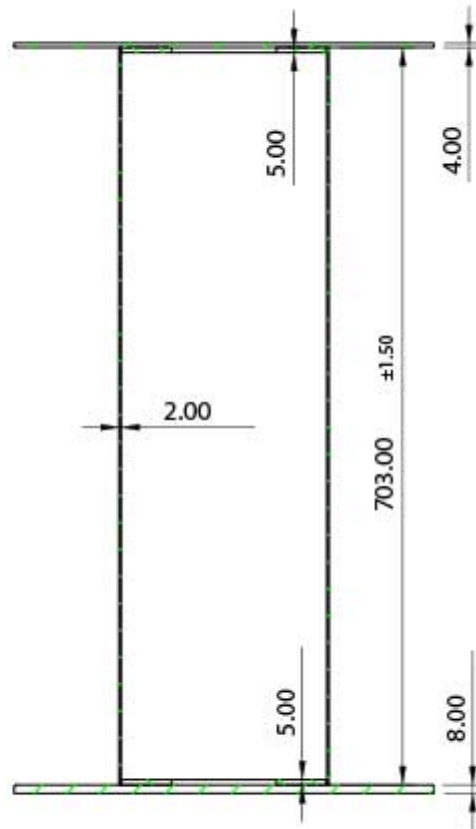

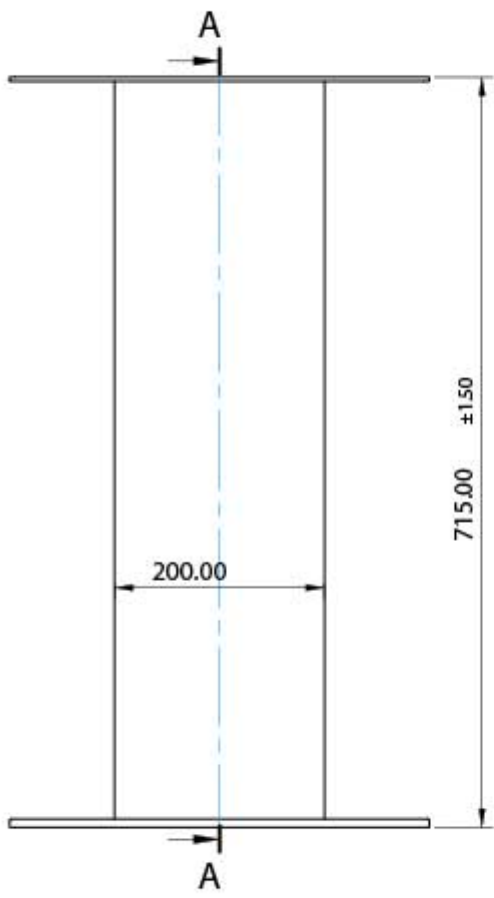

Stainless steel square table pedestal, fixed height of 715mm

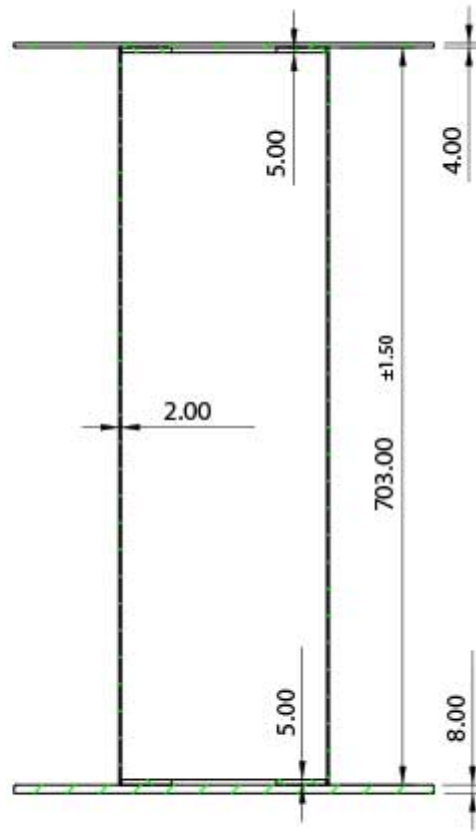

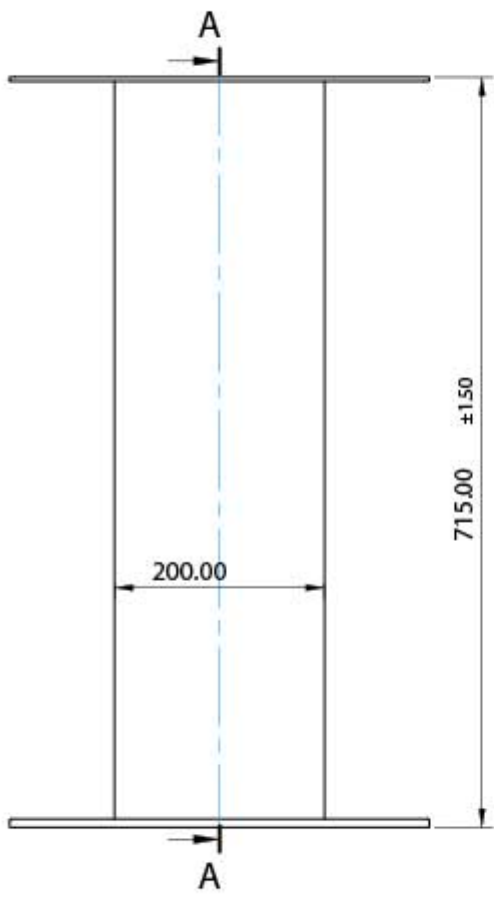

This premium table pedestal combines sleek design with exceptional durability, making it the perfect choice for marine and outdoor applications. Crafted in Italy by Atep Italia, it features a modern square profile and is constructed from high-quality 316-grade stainless steel, offering superior resistance to corrosion. The mirror-polished finish adds a touch of elegance to any setting, while its sturdy construction ensures lasting performance.

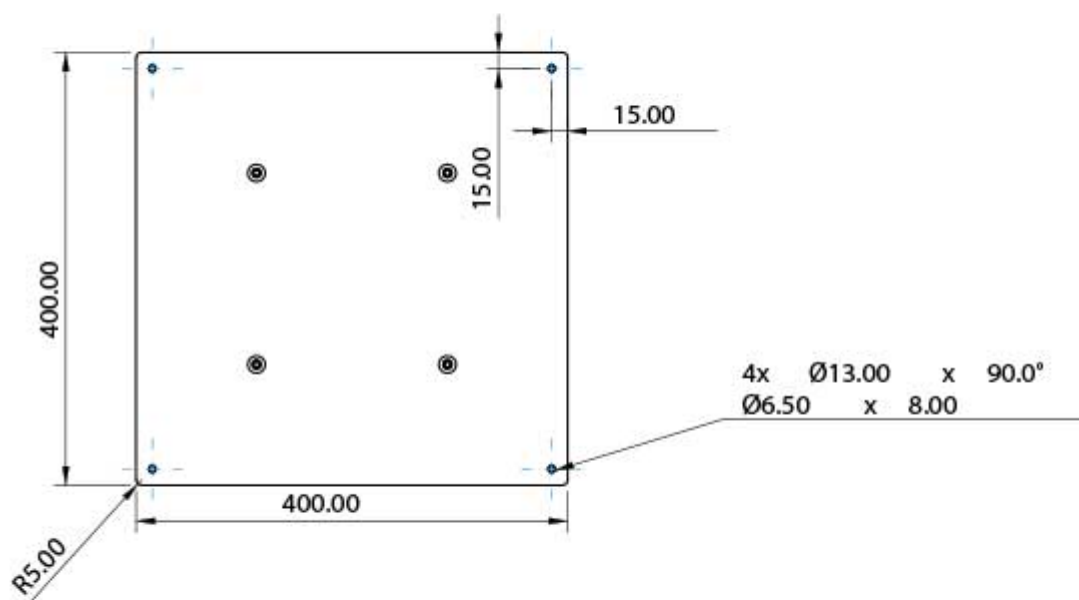

- Overall height: 715mm
- Square design for a contemporary look
- 316-grade stainless steel for excellent corrosion resistance
- Mirror polished for a refined, high-gloss finish
- Expertly manufactured in Italy by Atep Italia
