Short Description

'Nautilus' push button for 16mm panel in a satin chrome finish.

Elevate the style of your cabinets with the elegant 'Nautilus' push button, crafted from solid brass and finished in a sleek satin chrome. Designed for use with cabinets featuring a panel thickness of 16mm, this high-quality hardware offers both durability and sophistication.

Manufactured in Italy by renowned brand Foresti and Suardi, the 'Nautilus' push button is a perfect blend of precision engineering and timeless design. It is compatible with the 3095*, 30981*, and VD88000C mechanisms, ensuring seamless functionality.

This item is priced to clear as a non-stocked finish, offering an exceptional value for those seeking premium, Italian-made hardware.

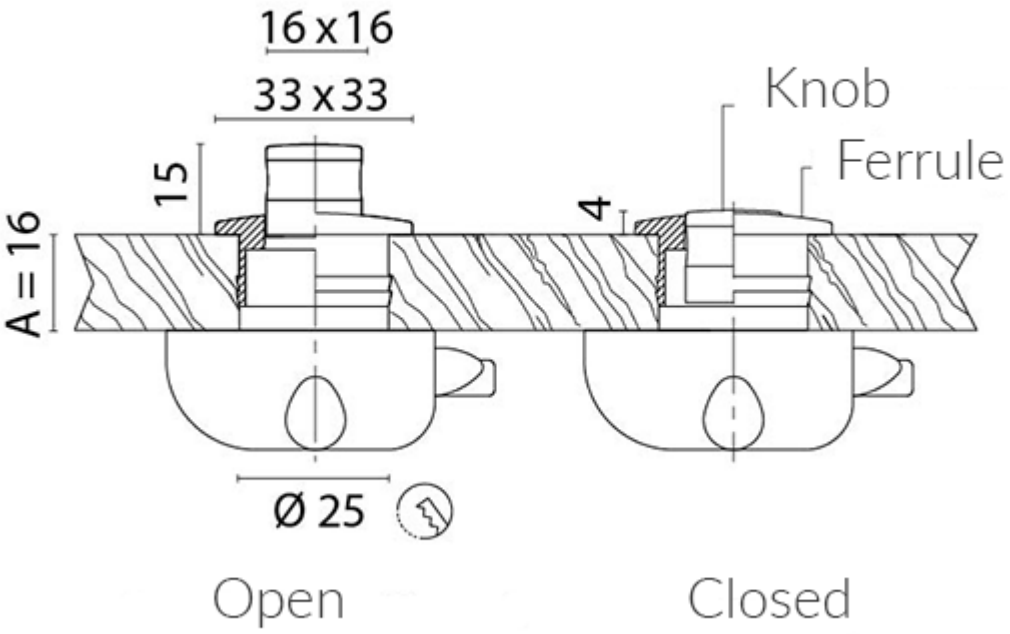

Key Features:

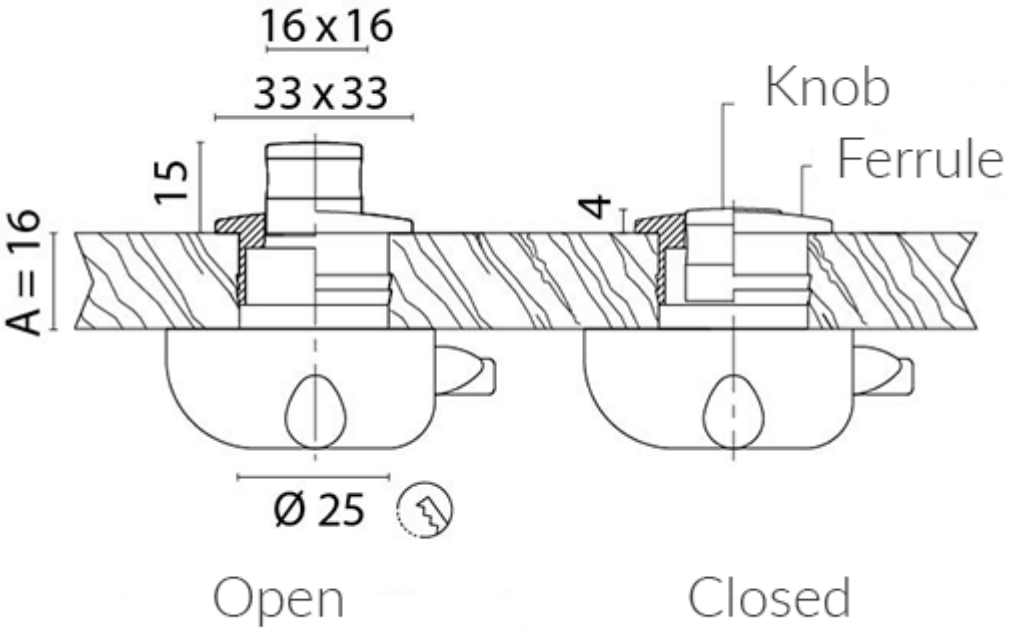

- Made from solid brass with a satin chrome finish
- Suitable for cabinet panel thickness of 16mm
- Manufactured in Italy by Foresti and Suardi
- Compatible with 3095*, 30981*, and VD88000C mechanisms
- Priced to clear as a non-stocked finish

Enhance your cabinetry with the Nautilus push button for a stylish and functional upgrade.
