Short Description

Calipso IT spotlight is an elegant high power LED fitting. Its 5.5 watt Power LED module ensures that the fitting can provide a large amount of light whilst still maintaining a discreet and elegant appearance. The recessed LED source and deep bezel design means that glare is kept to an absolute minimum. A similar product to the sister Calipso I model, the Calipso IT features an extended tube design which appears to float within its bezel. The spotlight is however for interior application with an IP20 rating and is available in a choice of colour temperatures.

- Interior spotlight with floating tube design
- Excellent anti-glare properties with recessed LED source
- Galvanised brass construction with chrome plated finish
- Tempered glass lens
- Anodised aluminium heatsink
- Available in either 3200K or 4000K
