Short Description

The *Virgo EF* illuminated wardrobe rail is a stunning solution for any hanging storage area. The product is constructed from marine-grade materials and features a dot-free LED illuminated central hanging bar.

Small details set the *Virgo EF* apart from other products on the market such as the anti-glare nature of the downward facing illumination, the consistant and high quality LED light output, the ability to produce custom

lengths according to the customer's needs (multiples of 25mm) and of course the marine-grade construction quality.

A central supporting bracket is available for the wardrobe rail for lengths longer than 600mm. The standard catalogue length is 300mm as shown on this product page. Please contact us for custom lengths.

Description

The *Virgo EF* illuminated wardrobe rail can be installed in various ways:
