Short Description

Stainless steel phone holder with shock absorbing and

rotating mounting pad

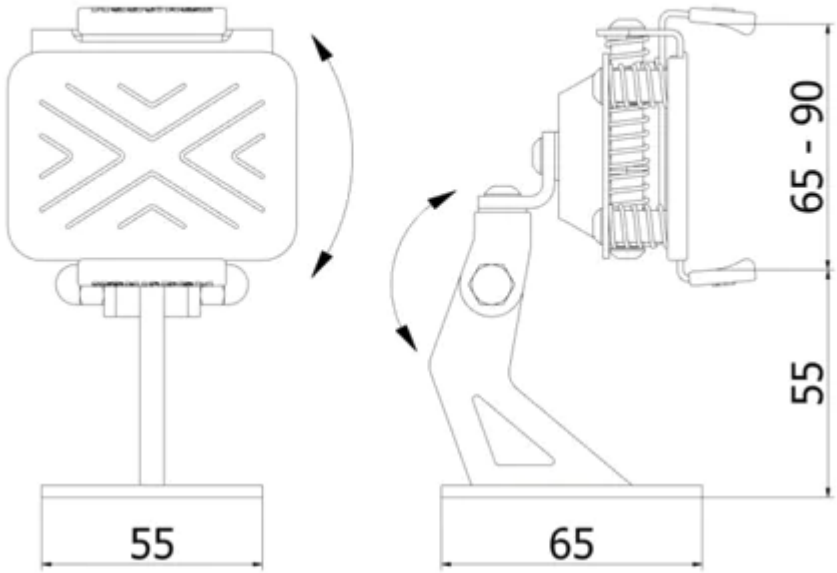

This marine-grade stainless steel mobile phone holder combines durability and functionality, designed to securely hold a wide variety of smartphones from 65mm to 90mm in width, including popular models from Apple and Samsung. Featuring a shock-absorbing suspended mounting pad, it ensures your phone stays firmly in place, even in rough seas. The holder offers 360-degree rotation and two tilting positions, allowing for optimal viewing angles.

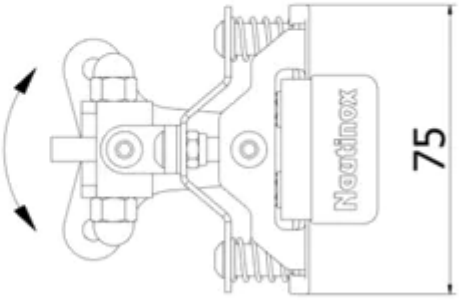

- Made from high-quality marine-grade stainless steel
- Fits smartphones 65mm - 90mm in width, including Apple and Samsung models
- Shock-absorbing, suspended mounting pad for secure fit 360-degree multi-angle rotation and two tilting positions for versatile viewing
- 3D printed rubber protects against lateral scratches and ensures a firm hold
- Handcrafted in Italy by Nautinox Srl

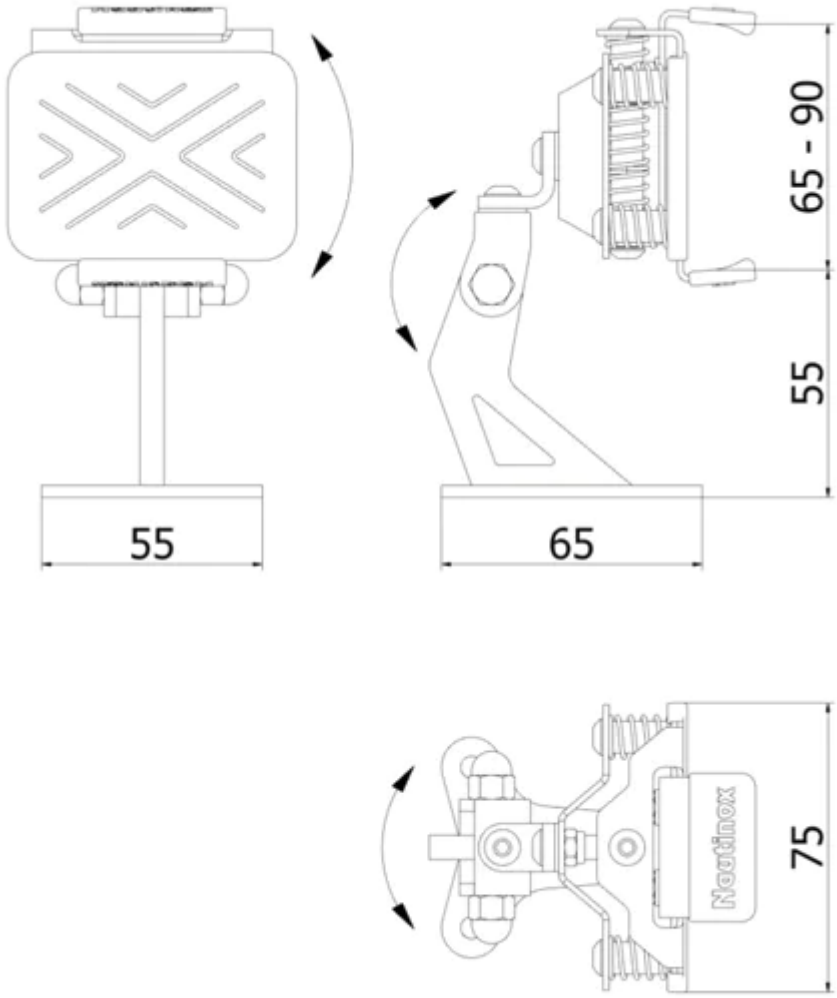

Please check your phone dimensions before ordering.
