# Electric Table Pedestal - 24Vdc

**£2,600.15**
Excl. Tax: £2,166.79

## Product Images

## Short Description

## Aluminium 3-stage electric table pedestal

Crafted from anodised aluminium with robust 316-grade stainless steel collars, this marine-grade electric table pedestal provides a versatile and efficient solution for optimising space. Designed to effortlessly raise or lower your table at the touch of a button, it transforms a dining area into a relaxation or sleeping space with ease.

Whether on a yacht or in a land-based project, electric pedestals have long been valued for their space-

maximising benefits. Ideal for both marine and non-marine applications, this pedestal is suitable for various design needs. For larger tables, it can be installed in synchronised pairs to support broader surfaces.

With a lifting capacity of up to 100kg, this Italian-made pedestal by Atep Italia combines style, durability, and performance, making it an ideal choice for projects that require reliable, adaptable table support.
