Short Description

500B oval porthole in a brass finish, with plexiglass

The '500B' porthole is crafted from solid brass with a polished finish, offering a timeless and elegant design. While the polished brass porthole is the product, the chrome finish is pictured for reference. Supplied with 6mm clear plexiglass, this porthole combines aesthetic appeal with functionality.

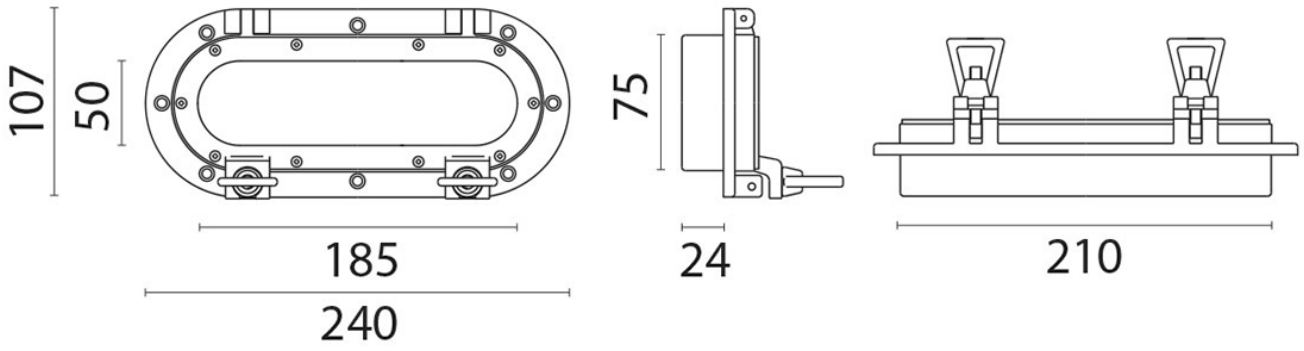

CE marked and RINA approved, the '500B' conforms to ISO 12216 standards, ensuring it meets the highest safety and quality regulations. Made in Italy by Foresti & Suardi, this porthole reflects excellent Italian craftsmanship and durability.

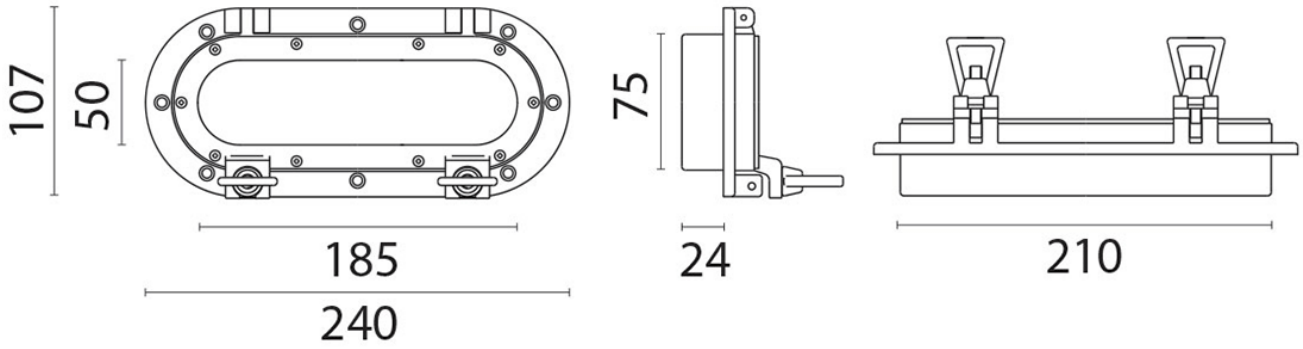

This item is available at a reduced price as an ex-display piece. While it may show signs of wear and tear, these will not impact the working ability of the product, and the finish remains to a high standard, offering great value for those seeking premium quality at a clearance price.

Key Features:
