Short Description

The 'Midnight' parasol is available in two colours with a 2.50m diameter shade. The polyester fabric has a UPF (Ultraviolet Protection Factor) rating of 30+ as well as a water resistant and dirt repelling coating.

The canopy can be opened and closed with ease using a hand crank to hoist the mechanism and the head can be inclined to block the sun. The parasol fits into our custom 316 stainless pole adaptor so that it can be clicked in and out of our secure Fast Lock Sockets.
