Short Description

A 316-grade, stainless steel bollard fixed via four screws. This bollard is available in two sizes.

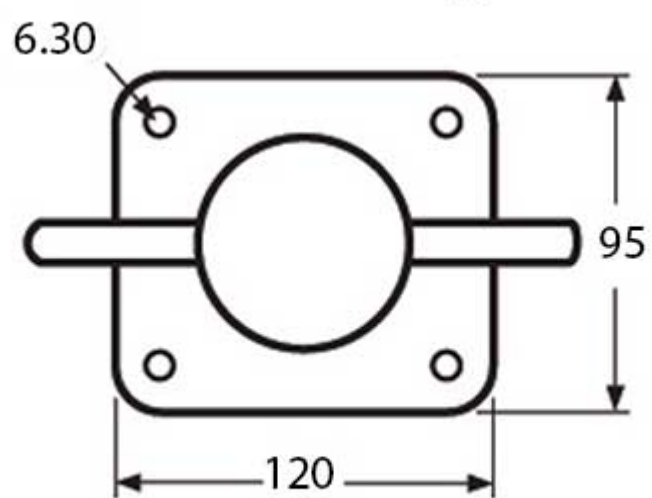

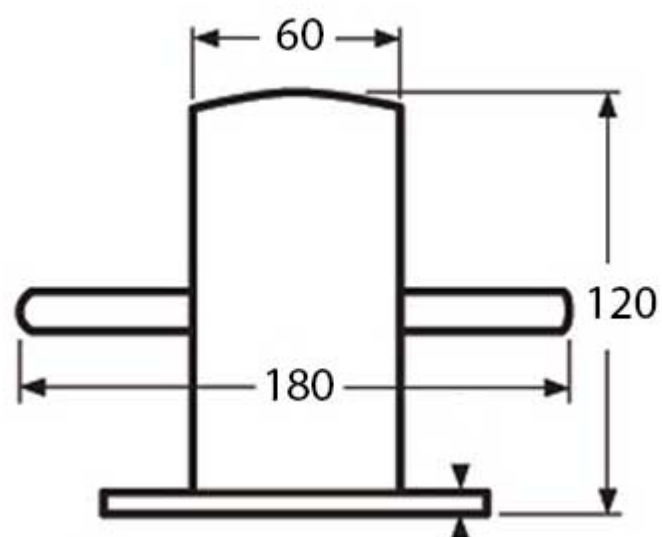

This bollard is designed for large gauge rope and other situations where a traditional deck cleat is not suitable. Made from 316-grade stainless steel and offered in a polished finish, the bollard is durable and offered in two sizes.

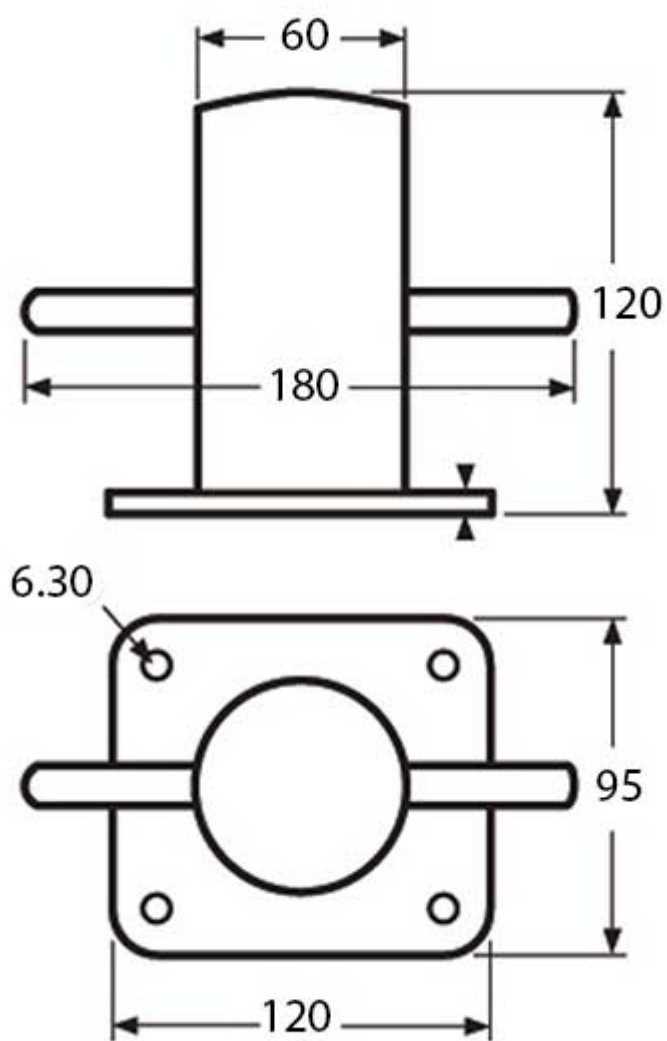

Please note this is supplied without fixings. However, fixings can be purchased separately and viewed in the related products below. 4x M6 screws and nuts recommended.
