Short Description

The Cox Knurled tapware range is constructed from brass and is offered in a chrome plated finish as standard. This wall mounted mixer is designed for use with our range of showers. It is a single output mixer (1-way) and is therefore designed for use with a single outlet. A mixer with a diverter is also available, see product 4455C.

The Cox Knurled lever features an industrial desing inspired knurled effect finish.

The shower mixer is also available in a PVD brushed black finish on request. Please allow 4 to 6 weeks for delivery of items in this finish.
