Short Description

Stainless steel snib lock with 6mm spindle

This stainless steel round snib lock is suitable for use with a variety of door locks. It features a 6mm spindle and a 53mm escutcheon rose, making it a practical option for systems requiring a smaller spindle size. While it pairs neatly with our 205700SSMAG magnetic door lock, it can also be used with other locks when fitted with a spindle sleeve to increase the spindle to 7mm. Manufactured in Italy by Razeto & Casareto.

- Stainless steel round snib lock
- 53mm diameter escutcheon rose
- 6mm spindle
- Compatible with multiple lock types
- Recommended for use with 205700SSMAG magnetic lock
- Requires spindle sleeve for use with 7mm spindle locks
- Made in Italy by Razeto & Casareto
