Short Description

Pressure die-cast brass lifting ring

Upgrade your deck with this stylish lifting ring, crafted from high-quality pressure die-cast brass. Available in a choice of polished brass or chrome-plated finishes, this lifting ring combines functionality with modern design. Unlike traditional lifting hardware, it features a contemporary knob pull that offers a sleek, streamlined appearance.

Designed for lifting deck panels and hatches effortlessly, this lifting ring includes a rubber gasket beneath the knob, ensuring a snug fit that eliminates rattling while cruising.
