Short Description

This line of cupboard and drawer catches is an evolution of the classic push button. With only one moving part and no additional mechanism it is strong, durable and beautiful.

- Fits panel thicknesses from 4 to 27mm
- Made from stainless steel and chromed brass
- Can also be covered in leather
- Available in 4 designs

Design by Giangi Razeto.

Please note, the latch front is made of polished 316 grade stainless steel, and the rear mechanism is constructed from chrome plated brass.
