Short Description

Brass lifting ring with spring-loaded action

This pressure die cast brass lifting ring offers a secure and refined solution for marine or interior use. Featuring a spring-loaded mechanism for smooth operation, it's available in either a polished brass or chromed brass finish. Fixed in place with six screws for both the ring and striker—please visit our stainless steel fixings section to find suitable screws for your project. Expertly crafted in Italy by Foresti & Suardi.

- Pressure die cast brass construction
- Spring-loaded action for secure lifting
- Polished or chromed brass finish
- Requires 6 screws (not included)
- Made in Italy by Foresti & Suardi
