Short Description

A silent barrel bolt made from brass, available in a polished brass or a chrome plated finish

This silent barrel bolt is made from pressure die-cast brass, offering durability and reliable performance. Designed to minimise noise, it features a black nylon handle and insert, ensuring quiet operation. Available in polished brass or chrome-plated finishes, it's a practical and discreet solution for securing doors and gates. Manufactured in Italy by Foresti & Suardi, known for their high-quality craftsmanship.

- Made from pressure die-cast brass for strength
- Available in polished brass or chrome-plated finishes
- Nylon handle and insert for quieter operation
- Manufactured in Italy by Foresti & Suardi
