Short Description

Removable flagpole with base in brass or chrome plated brass finish.

This removable flagpole solution is a features a permanently fixed base socket and a separate flagpole tube which can be quickly engaged into and removed from the base. The pole is available in 350mm and 500mm lengths, both with a 12mm diameter tube. Made from solid brass, the flagpole is available in a natural polished brass finish (unlacquered) or a chrome plated finish. The distance between the flag pole eyelets from centre-to-centre is approximately 250mm on the 350mm pole and 420mm on the 500mm pole.

Foresti & Suardi have been manufacturing pressure die cast brass marine hardware since 1961. Fittings such as this flagpole are amongst the core products manufactured since those early days. The tooling may have been updated and technology has moved on a great deal, but these are the heritage pieces that established the reputation of Foresti & Suardi, as well as Timage, in the global yacht accessories market.
